

## Pili Luna - VOSsoshonduras

### VOSsoshonduras

In my last trip to Honduras I met a very talented Honduran, Pili Luna. What she makes is

unique, and are shoes with themes of Honduras, with paintings, music bands, and everything you would want about your favorite thing, mostly focussed in Honduras.

The shoes feel great, look great and are just so cool. I, in fact, received my own pair and as tradition Pili made the honors:) Thank you Pili.
